SUMMARY

Full Stack Developer currently studying for a Diploma in Software Development from the Code Institute, having previously gained a Diploma in Interior Design. Experience building responsive websites using HTML, CSS, JavaScript, Python and frameworks such as Bootstrap. Has demonstrated the ability to produce clean, maintainable and re-usable code with excellent UX/UI design. Possesses strong design, problem solving & communication skills from work experience in client and customer facing roles. Looking to obtain an opportunity as a Junior Full Stack Developer that will allow me to build on my skills and pave the path for my career in the Software industry.

HARD SKILLS

Additional	Frontend	Backend	Frameworks	Source control	UI/UX
AutoCAD	HTML	Python	Bootstrap	Git	Wireframes
Adobe	CSS				
SketchUp	JavaScript				

CORE SKILLS

Excellent Interpersonal Skills

Organisation & Planning

Project Management

Design & Customer Experience

Team Working & Collaboration

Budgeting & Forecasting

EXAMPLE PROJECTS

Discover3c

Designed and developed a website to help people better understand and manage 3c hair. This was built using HTML and CSS.

Result : Merit

<https://github.com/Emmacharleswilson/Discover3c>

"The website is simple to use, elegant and promotes a positive user response"

Pub Quiz

Developed an online quiz game to test general knowledge. This was built using HTML, CSS and JavaScript.

Result : Merit

<https://github.com/Emmacharleswilson/Pub-Quiz>

"This project demonstrates a logical approach and adaptiveness - the result is intuitive and functional"

Model Search

Developed a command-line interface application to maintain a database of models. This included add, search, retrieve and edit functionality. This was built using Python and Google Sheets.

Result : Merit

<https://github.com/Emmacharleswilson/model-search>

"Very good quality, well written code with excellent use of Git"

- Shadowed the Kids-wear buying team and conducted desk-based competitor research and analysis.
- Summarised findings in a Word document for management.

INTERESTS & HOBBIES

I attend monthly meet-up's in London with fellow coders and web developers. I also enjoy partaking in Hackathons and improving my coding ability on sites such as Udemy.

Along-side these I enjoy horse-riding, ice-skating and travelling.
